Key

- BI Beginning/Intermediate**
Generally, 0-3 years of study in that discipline. Teachers will assume the students are newer to the vocabulary, steps, and techniques, and will teach or “break down” steps at a pace set by the class.
- IE Intermediate/Experienced**
Generally, 3 or more years of study in that discipline. Teachers will assume the students have a basic understanding of steps, vocabulary, and techniques, and will not “break down” the steps as much as build on what the students already know. Pace is set more by the teacher & curriculum than the class.
- ADV Advanced**
Dancers who feel they fall in the advanced category should speak with the studio owners for proper class placement.

*** Concurrent enrollment in ballet is required**

**** Teacher approval is required**
